

TILER TRADE

The professional trade choice in the tile industry.

Collinson Ceramics' mission is to be at the forefront of design and technology in the ceramic, porcelain and stone sector and to provide its customers with the most diverse, unique and practical product range in the tile industry. Even though we have national coverage we will always provide a local service.

BAL & COLLINSON'S PROUD PARTNERS

BAL has been a proud partner of Collinson's for over 25 years. Focussed on innovative products of the highest quality and support you can trust, we can ensure tiling projects achieve your design dreams. We can provide the tiling system for any project and ensure you have everything you need at every stage.

Our free support services include:

- Fast track project enquiry and market-leading Technical Advisory Service (TAS)
- M40/M20 specification writing service for large projects
- Free online specification builder; Powerspec
- RIBA-accredited CPD or product training
- Support team for advice or on-site consultancy
- Innovative range of products for full tiling systems
- 25-year product guarantee To find out how you can benefit as a tiler or contractor ask in-store about becoming a YOU + BAL partner or go to www.baladhesives.com/y-plus-bal-reg.

BAL LEVEL MAX

BAL Level Max is the ultimate leveller to provide the perfect start to any project. High performance, with minimal effort, it provides maximum workability, flexibility and smoothness even at depths of up to

80mm in a single application.

- Up to 80mm bed depth in a single application
- No need for aggregate in isolated areas
- Easily levels backgrounds with varying heights
- 30-minute working time
- Tile after four hours at any bed depth (up to 80mm)
- Self-smoothing and pumpable
- Highly polymer modified with BAL Fibre Strand Technology (FST)
- Can be used on timber at only 3mm application
- Suitable for use with underfloor heating

£11.99 Special Price

BAL MICROMAX 2

BAL Micromax2 grout is the super-fine range of coloured wall and floor grouts that create the perfect, lasting finish to tiling. Rapid-setting with strength and flexibility, BAL Micromax2 provides ultimate colour consistency, complete with Microban® antimicrobial protection and is available in 10 colours with colour-matched sealants.

- Perfect for any tile, on any surface
- Suitable on walls and floors
- Efflorescence-free, consistent colour
- Fast-setting in just 2-3 hours
- 30-minute working time at 20°C
- No cracks, no shrinkage and no patchiness
- Superfine for joints from 1mm
- Strong and flexible for joints up to 20mm
- Built-in Microban® protection against bacteria and black mould
- Available in 10 colours with colour matched sealants

WINTER SPECIAL OFFERS

Schlüter-Systems Training & Products at Collinson's

- Schlüter-Systems Ltd continue to grow their partnership with Collinson Ceramics, with new products now available, full technical support and training events planned to help installers understand best practice when it comes to specification and installation.
- Schlüter Consultant Simon Grant says: “We are really excited about our new range of system solution kits, including our wetroom kit, and look forward to hosting our upcoming events in partnership with Collinson Ceramics.”
- The Schlüter®-WETROOM kit provides a fully integrated system, including top of the range ready-to-tile pre-sloped shower trays, drainage systems and waterproofing membranes for walls and floors.
- Uncoupling and waterproofing layer Schlüter®-DITRA 25 is used to prevent stresses from the substrate being transferred to the surface covering, protect moisture sensitive substrates and neutralise vapour pressure by allowing moisture in the substrate to evaporate.
- Schlüter®-DITRA-HEAT is a system for electrical underfloor and wall heating that creates comfortably warm tile and stone coverings, now available with Schlüter®-DITRA-HEAT-TB matting which benefits from 70% quicker warm-up time on concrete over other electric underfloor heating systems.
- Create lasting installations, guaranteed by one manufacturer for added reassurance for CE marked waterproofing.

UPCOMING EVENTS

Friday 23rd-24th March
Factory visit to Schlüter head office and training complex. Book your place through your branch manager now.
