

Redscope Primary School

Sports Premium Funding Grant Expenditure

Amount received 2013 – 14: £9415

Pupils received for: 283

We have used the funding to allow long term sustainability in sports provision and improve the quality of PE whilst ensuring the standards are maintained. We have employed specialist coaches from WLCP to deliver training sessions.

The coaches currently work alongside teachers to increase subject knowledge and deliver outstanding PE. Currently 4 different teachers work with the coach for 1 hour per week.

We also have a PE coordinator who liaises with the coach to provide a partnership for attending local festivals, competitions and fun sporting events. Over 80% of local sporting events were attended last year, with each member of the teaching staff undertaking a team/ activity and providing relevant coaching. Currently play leader training is on going to make sure that lunchtimes are active.

During 2013- 14 the sports coach delivered a breakfast club centred on physical activity to ensure that pupils began the day in a healthy way.

Extra curricular clubs are also on offer three days a week delivering a variety of sporting sessions from street dance to multi sports.
