

March 2015

Dear Parents/Carers,

Classes 7 and 8 would like to invite you to work with your child on our 'Design an Easter Egg Protector Challenge'. As part of this challenge you will work in a small group (including your child) to design and make an egg protector. At the end of the session each egg will be dropped from a height and the egg with the least damage will be the winner. There will be a prize for each member of the winning team.

The fun event will take place on Thursday the 26<sup>th</sup> March. Please arrive in school at 1.30pm and you will be directed to the Y3 classrooms, where you will receive a brief introduction. We aim to finish at 3pm following a quick clean up. You may take your child home straight after the event.

Please complete the reply slip below if you are able to come. We hope that you can support us with this challenge and look forward to seeing you.

Yours sincerely

P Dobbin  
Headteacher
