

Project Task Homework

As part of our Journey Into Space topic, we would be very grateful if children could choose one activity from the list below and complete it with the help of their parents or guardians.

The projects can be brought back at any time up to Friday 23rd October 2015.

- ☺ Keep a Moon diary over the course of a lunar month. Draw the shape of the Moon each night, finding out and recording the correct term for each lunar phase.
- ☺ Create a space scrapbook using facts you find in magazines, books and the Internet.
- ☺ Create a sci-fi cartoon strip or story.
- ☺ Create a song, poem, rap or music video about Space.
- ☺ Model a space shuttle, planet or moon buggy.
- ☺ Imagine an alien space ship has crashed landed in your back garden. Write your own newspaper report about the unexplained object.
- ☺ Design and create your own astronaut space helmet or alien headwear using junk materials.
- ☺ So far, 24 astronauts have visited the Moon. Find out their names, download pictures and make a factfile about them.
- ☺ Imagine you're on a journey into space and write an astronaut's log.

OR something else creative that relates to our topic.
