

# Welcome to Nursery!

We planted new flowers  
in our garden and dug up  
the weeds.

We thought about how we  
can be kinder to the environment  
and created our own cars powered  
by different energy such as wind, water and sun.

We even watched a video about a chocolate powered car,  
yum!

For our 'Space' topic we made  
Space pictures on the computer  
and using chalk.

We also built our own rockets using Lego and various shapes.

We made pants for the aliens in the story "Aliens Love Underpants" by creating patterns.

We have had a great time with our topic "Space".

Our next topic is "Imagine".

We are visiting Wonderland in Telford, visit the site to get ideas for activities <http://www.wonderlandmidlands.com/>.

Read some traditional tales here:

<http://www.bbc.co.uk/cbeebies/stories/theme/fairytales/>

We will be doing lots of role playing and pretending, one week we will be pretending we are pirates!

Click on the pirate to play a buried treasure game!
