

Welcome to Year One

During the Autumn Term we visited Lower Drayton farm to further our understanding of where our food comes from. We also made healthy dishes with fresh produce.

Click on the fruit to visit the change for life page where you can find great healthy food and activity tips!

During the Spring term we visited Bantock House in Wolverhampton as part of our 'Toytastic' topic. We made fantastic peg dolls and compared modern toys with Victorian toys.

Do you think you could sort old toys from new toys? Click on the teddy bear and have a go!

We enjoyed learning how to use exercise and diet to keep healthy during health week. We love to keep ourselves fit and healthy!

During Arts Week our focus was China, we looked at life and Chinese culture. We tasted yummy Chinese food, had a go at Chinese writing, acted out Chinese stories and made Chinese dragons to dance with.

Look how fantastic they were!

We are really good at maths. We know all about tens and units! How many tens and units are in 81?

ICT is used a lot in Year 1, we love using the computers, cameras and even video equipment!

Have a go at painting a Chinese dragon like we did. Click on the dragon.

Celebrating World Book day is lots of fun, we came to school in our pyjamas and read bedtime stories this year!

At the end of each half term, some children receive special awards. Can you guess who might get the next ones?

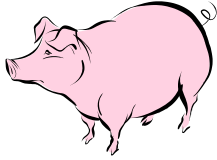

During the Summer term we had Eco Week - we were very busy! We did lots of gardening and discussed how we can look after the environment. It was also very exciting because we had the grand opening of our outdoor hub and we even got to see the life cycle of a hen taking place!

This term we have also had our class assembly. We were fantastic! We linked it to our 'Home Sweet Home' topic.

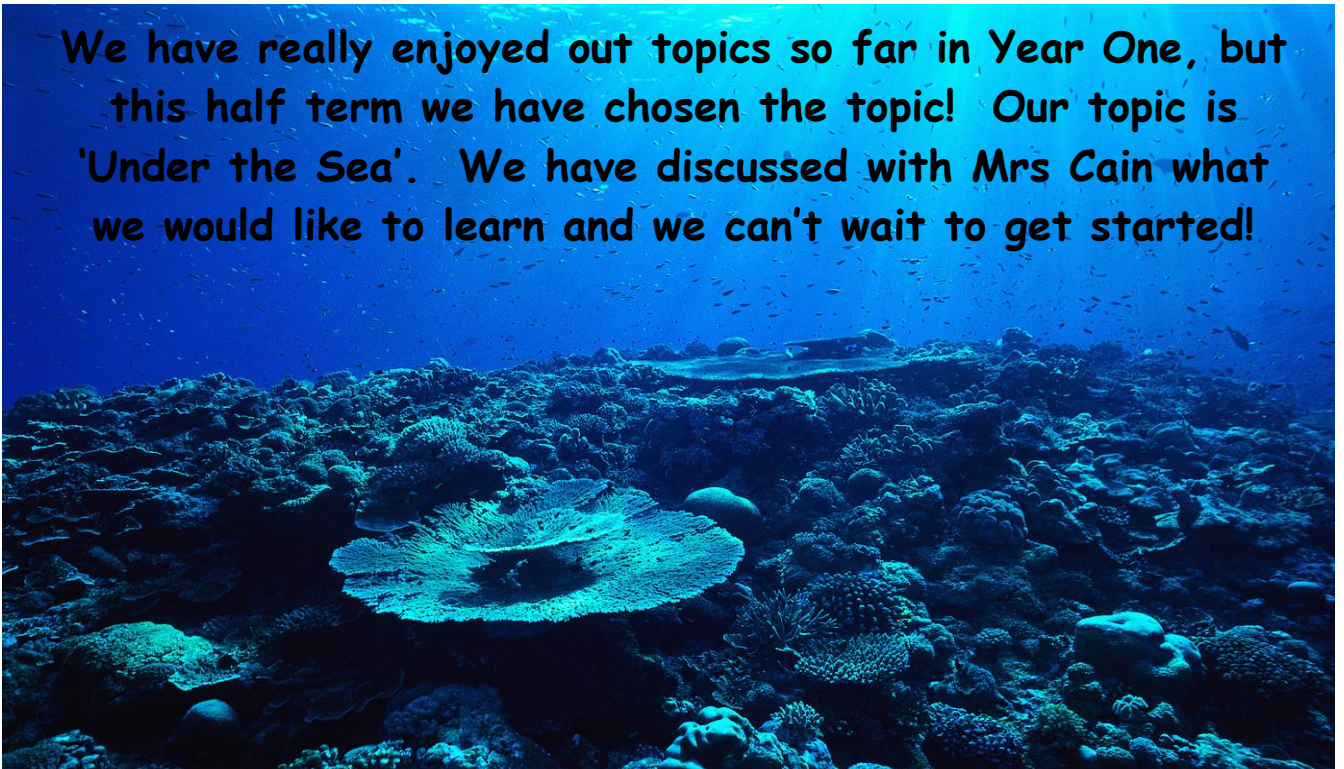

Have a look at our costumes. Can you guess which well known story we acted out? Click on the pig to hear the story!

We visited Shugborough Hall to find out about homes in the past. We dressed up and stepped back in time to do jobs in the kitchen and the laundry!

We have really enjoyed our topics so far in Year One, but this half term we have chosen the topic! Our topic is 'Under the Sea'. We have discussed with Mrs Cain what we would like to learn and we can't wait to get started!

Learning creatively is great!

In Year One we have lots of fun learning together.
